HACKING HEALTH

BRINGING INNOVATION TO HEALTHCARE

Hacking Health Hackathon 2018-Hamilton

Introducing:

Welcome to Hacking Health! Healthcare faces many critical problems. Hacking Health is designed to improve healthcare by inviting technology creators and healthcare professionals to collaborate on realistic, human-centric solutions to front-line problems.

Our weekend hackathons are fun, intense, hands-on events where small teams tackle tough problems in a supportive community of peers and mentors.

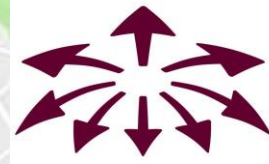

Before the Event

- >> Please go to [our Eventbrite web site](#). Register to join us!
- >> Go to [Hacking Health Hackathon 2018 Sparkboard](#) to create your own project or join our group.
- >> Follow [our twitter](#) to get updated information.
- >> You can also visit previous Hacking Health Hackathon [success stories](#).
